### **Application for an Approved Local Stallholder**

To become an Approved Local Stallholder you must reach the following criteria: *“one that cannot become a certified local stall holder due to the nature of their wares, but makes every effort to be as local as possible”*.

An Approved Local Stallholder makes up the 20% non-certified stallholders.

Please fill out the form below and return to your market manager for collection and verification. Your market manager will forward all stall holder applications as part of the market application process. If you attend more than one market, you are required to file a separate form for each market.

### **What does being an Approved Local Stallholder mean?**

Becoming an Approved Local Stallholder contributes to your Farmers' Market becoming an Authentic Farmers' Market. *An Authentic Farmers' Market is one which consists of at least 80% certified stall holders.* An Approved Local Stallholder enables the stallholder to still be part of the farmers' market, and comes under the 20%.

### **How does this help?**

Given the recent success of farmers markets worldwide, many more farmers' markets are popping up all over. Some are using the farmer's market brand to attract customers despite not actually being a true farmers market. As it is not possible to prevent other markets from using the name “farmers' market”, having authenticated farmers' markets and certified and approved local stallholders means that the customers know if you are genuinely a farmers' market.

### **Farmers' Markets New Zealand**

Farmers' Markets New Zealand provides the tools for managers and stall holders to run and operate a successful farmers' market. Our aim is to make the process as easy as possible, and provide support where needed.

Name of Farmers Market you are a member of: \_\_\_\_\_

Do you sell at other markets? If YES, please list: \_\_\_\_\_
