John Stanley is an international retail guru and world class presenter, with clients in 25 countries around the world. John helps businesses of all sizes improve their image, grow their market share, become more professional, increase sales and turn customers into advocates. His niche is helping small businesses, farmers' market and farm shops

FMNZ provides resources and information for organizing groups, managers and vendors.

FMNZ promotes the benefits of Farmers' Markets to the public.

FMNZ liaises with organizations such as producer and regulatory bodies on behalf of its members.

FMNZ promotes the development of a national network of farmers' markets and encourages the sharing of knowledge and experience.
